We create unique opportunities for authors, educators and instructors to reach new audiences and generate incremental revenue.

1. **Select Content, Apps and Categories** - More content = more revenue; aim for at least 3-5 different categories and app titles
2. **Choose App Features** - Mix and match features for the perfect solution
3. **Record/Master Audio** - We provide voice talent and recording at no cost
4. **Build, Test and Accept Apps(s)** - We do all the work to create your apps
5. **Launch Apps** - Typically within 10 days of final audio receipt
6. **Generate Revenue** - Users subscribe or unlock for lifetime access via in-app purchase; we handle accounting

Completely incremental revenue from existing content, with no cost and no exclusivity requirements. We do all the heavy lifting.

- **App Design, Setup & Launch:** No cost
